2. Conversions planned for 1951 total 16,000 tons for the Warnow-Werft and 28,000 for the Koldewitz-Werft in Gager on Ruegen Island. **

* Comment. The 42 motor ships planned for 1951 appears to be too high. It is believed that motor boats rather than motor ships are concerned.

** Comment. All the above data probably refer only to vessels planned for the Soviet Zone of Germany and do not include vessels to be built for the U.S.S.R.
